

Marwa Yakhlef

Summary

I am currently assistant professor in the University 8 May 1945, Guelma, Algeria. I have a PhD degree in applied biochemistry.

My work revolves around: food allergy, nutrition, and food plants, cross sectional studies on health problems related to food either in children, young adults or adults.

Education

- 2016- 2022 : **PhD student. Applied biochemistry. University 8 Mai 1945, Guelma, Algeria**
Project title: Evaluation of the allergenic risk of food proteins
- 2014-2015 : **Master degree in Immunology 8 May 1945 university, Guelma, Algeria**
First Class honors'
- 2012-2013: **Bachelor's degree in Immunobiology. 8 May 1945 university, Guelma, Algeria**
First Class honors'

Experience

- **2022/2023:** -Teaching laboratory management. . University 8 Mai 1945 Guelma. Algeria
-Teaching methodology and research techniques. . University 8 Mai 1945 Guelma. Algeria
- **2021/2022:** Teaching microbe genetics. University 8 Mai 1945 Guelma. Algeria
- **2020/2021:** Teaching methodology and research techniques. University 8 Mai 1945 Guelma. Algeria
- **2019-2020:** long term traineeship PNE program in Extracellular Vesicles and Mass Spectrometry Laboratory IBBR-CNR. Italy.
- **January-May 2019:** Short term traineeship in the laboratory of Mass Spectrometry and Proteomics. IBBR-CNR. Italy.
- **2017/2018:** Teaching general microbiology. University 8 Mai 1945 Guelma. Algeria
- 2015/2016: tutor for high school students (math, physics and biology)
- **February- April 2015:** Practical internship at the Laboratory of Biochemistry in Ibn Zohr Hospital. Guelma, Algeria
- **March- june 2015:** Master's thesis. Immunological effect of two varieties of honey on mice.
- **June 2013:** Internship at the Laboratory of Immunology in Ibn Zohr Hospital. Guelma, Algeria.

Publications

- **2020:** Potential allergenicity of *Medicago sativa* investigated by a combined IgE-binding inhibition, proteomics and *in silico* approach
- **2021:** Contribution to the estimation of the prevalence of food allergy inschoolchildren in the city of Guelma (Algeria)
